

A modern bathroom interior featuring a large, square mirror TV mounted on a textured, grey concrete wall. The mirror displays a vibrant image of colorful parrots. Below the mirror is a white, oval-shaped sink with a sleek, white faucet. To the right of the sink, a folded white towel rests on a dark, minimalist shelf. The floor is made of large, light-colored tiles, and a large, shaggy, light-colored rug is placed in the foreground. On the left, a glass-enclosed shower area is visible, with a bed of small, light-colored pebbles at its base. The overall design is minimalist and contemporary, with a focus on clean lines and high-quality materials.

## WHY A MIRROR TV FROM MUES-TEC?

The Mirror TV made by Mues-Tec combines high class specialty mirror glass with sophisticated innovative technology. Mirror TVs are versatile in their application and use cases and are especially suitable for the bathroom and in beauty areas, or generally anywhere where you wish to hide a functioning television set behind a beautiful Mirror. You may prefer it as a highlight in the foyer, in reception rooms or conference rooms as an absolute eye-catcher. Its versatile application possibilities go far beyond the hospitality industry, digital signage, healthcare applications or simply to enrich the private home or yacht. Wherever there is a desire for a television and a need or want for a mirror or a hidden TV, there is a need for a Mues-Tec Mirror TV.

High-quality, easy-to-clean and robust mirror glass available in nearly any size and shape, leaves little to desire for. The televisions with full HD quality offer state of the technology. Enjoy custom made LED light strips based on your layout and design. You may even want to add a defogger for the mirror portion of the Mirror TV.

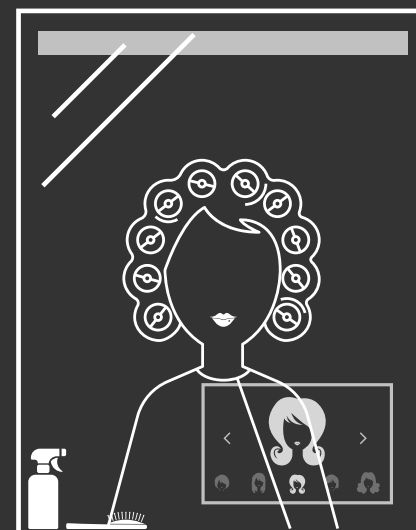

Last but not least, installation is easy and delivery worldwide. We have made it our business to always meet our customers' wishes, to take your wishes seriously and work with great commitment towards the realization of your unique Mirror TV. We can even provide you with a beautiful frame upon request. When you are looking for a Mirror TV, make it a Mues-Tec one. More is not possible and less is not our thing!

## BEAUTY

Impressive bathrooms, beauty salons and spas benefit from a Mues-Tec Mirror TV.

Salons impress their customers not only with playing the latest news or other entertainment context, but can further use the space as advertisement for products and services.

Mues-Tec, seeing is believing!

## BATHROOM / WET AREAS

Looking to upgrade your private residence? Look no more! A Mues-Tec Mirror TV enhances any and all bathrooms in your home.

Whether you want to catch the morning news while getting ready for work or enjoy a nice movie while relaxing in the tub, the Mirror TV provides you information and entertainment at your fingertips.

With its hidden TV, the "feel good potential" of the Mirror TV series seduces in a discreet way.

The Mues-Tec Mirror TV fits any situation at any time.

Luxurious and yet simply elegant, it allows you to get the best of both worlds. A mirror and a waterproof television, visible only upon your command.

With impressive, "living" mirror walls in your luxurious hotel lobby, surprise your guest in an unobtrusive way of welcoming. This is the declared intention of Mues-Tec.

Use the mirrored display to inform your guests about your facility such as your bar, restaurant, spa and recreational area.

Show them the beautiful landscape of your hotel's surrounding and make them want to explore the area more. Entice them with pictures and sounds, whether it is that of an urban, buzzing full of life or that of a hidden away treasure in a much more rural area.

Elegance in perfection and the competition always a step ahead.

Mues-Tec, always an intoxication of the senses.

## GASTRONOMIE

A Mirror TV is a perfect addition in a restaurant or bar. Whether its for use as an electronic menu or simply to highlight the specialty dishes of the day, with its unique capability to only show the portrayed picture and not the entire television, astonishing pictures can be generated. These will entice your guests and raise sales.

For special events or sport bars, the Mirror TV can of course also play designated sport channels.

There are almost no limits to the optical impressions.

With Mues-Tec always a step ahead of the competition.

Restaurant

Shopping Center

Movie Theater

Elevator

Museum

Saloon

Nearly any public space benefits from a Mirror TV by Mues-Tec. Easy integration and playful advertising of any kind constantly grows in popularity.

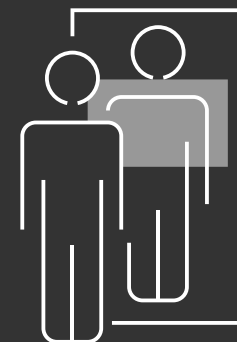

Attractive advertisement fascinates and informs. Allow your customers to be animated by visual impressions, seduce and influence them.

Let your product flow magically in the Mirror, let it dance and twirl, let it disappear, leaving only the mirror in sight for the moment, only to reappear large and prominent. Leave a lasting positive impression.

This is not only the aspiration of our designers and technicians, but above all also the declared intention of our entire team.

Advertise with your good name.

Mues-Tec stands by your side.

## GLASS TYPES

The high-quality glass range from Mues-Tec is impressive not only because for its very resistant and easy to use cleaning surface.

Our glass creation "Crystal Diamond" (crystal glass) fulfills the requirements and expectations placed on an excellent Mirror.

The "Clear Diamond" series (silver glass) in turn makes the TV unit invisible.

The same applies to our high-quality "Black Diamond" glass. (black glass), which finds a lot of applications in kitchen areas.

The glasses are available in almost any size and shape. We are always committed to fulfil even unusual special requests.

Mues-Tec, your team on your side.

## DEFOGGER

The very effective and optionally available defogger prevents fogging of the glass outside the TV area.

The heating pad should be placed in the general area of the head to prevent fogging in that area.

A must for mermaids of all ages.

Muse-Tec, above all a MUST for people with a clear view.

Round

Rectangular

(Shapes on request)

## LED LIGHTING

The LED light strips are available in warm or cool white (also dynamic); as indirect lighting, upon request also colored, and with dimming functions.

You choose the placement of the LEDs, whether on the side, at the bottom, at the top, or all around.

Simply the fact that you may customize the LED choices, warrants this to be a one of kind Mirror TV.

Mues-Tec always puts every ambience in the right light.

Examples

The most innovative technology distinguishes all devices from Mues-Tec.

### TV units

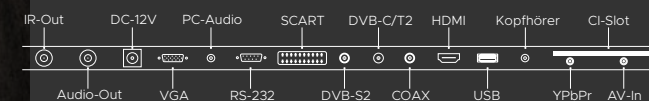

They convince by excellent HD quality. Even the installation of several TV units behind the glass is not a problem.

### Connection options

Whether satellite / cable / terrestrial (DVB-S2/C/T2) or also with a CI slot. Inputs/outputs for IR (extension for concealed control of optional devices such as Blu-Ray Player), Audio (Analog/Digital), VGA, HDMI, USB, YPbPr and AV-IN.

The USB port with PVR function is ideal for recording your favorite shows and time-shifted television. The PVR recording function allows you to record with the help of a USB stick or an external hard disk the recording and playback of TV shows of any kind. Enjoy them at a later time while relaxing in your tub.

Possible connections:

## SMART TV

Combine your Mirror TV with an Apple or Android TV box. Your Mues-Tec Mirror TV turns instantly to a Smart TV with access to streaming services such as Amazon Prime or Netflix. With the universal remote control from Mues-Tec you may use only one waterproof remote for both devices.

We are open to individual technical requests at any time. Should you have any questions, we will be happy to answer them during the usual business hours by telephone or e-mail.

Mues-Tec, synonym for customer-specific special requests.

Android TV

## INSTALLATION

Every Mues-Tec TV includes a waterproof remote control with battery, a detailed manual, as well as the complete mounting system.

The mounting system provided for our Mirror TVs is deliberately simple and is based on an extremely easy to use pre-drilled hole system within the railings. The image here depicts it quite well and virtually self-explanatory.

For special requests or flush mount installations, please contact us in advance of your order. We can customize the installation methods according to your requirements.

There is almost always a solution.

Mues-Tec knows no "problems".

## SHIPPING / SERVICE

All Mues-Tec products are packaged and packed safely and shipped worldwide. For air & sea freight, rail and truck. On request also with insurance, customs clearance and drop-ship options.

Each Mirror TV is thoroughly inspected and tested before shipping. Should complaints nevertheless occur, you will find our extensive warranty and support at your service.

Mues-Tec, guarantor for safe shipping.
