# INSTALLATION

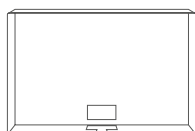

## BATHROOM TV

SG- / DA- / EP- / EG- 1850 / 2200 / 3200

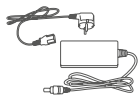

### SCOPE OF DELIVERY:

TV-Unit

Mounting Frame

Power Supply

Waterproof Remote Control

Suction Cup

\*IR Extension Cable

Screws & Bolts

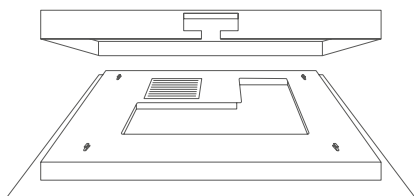

Manual

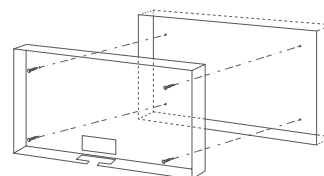

\* Only needed to control external devices such as receiver, smart box, DVD player, etc.

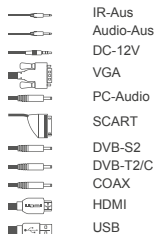

Important information: Installation should be performed by qualified person.

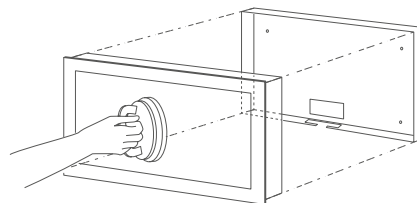

1. Please check the delivery scope for completeness. Then remove the mounting frame from the TV-Unit.

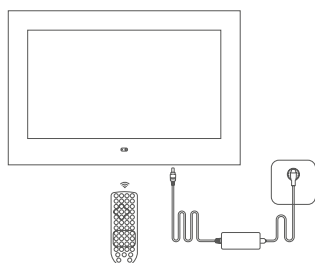

2. Install the mounting frame according to your preference recessed, surface or VESA mount. Use the provided screws and bolts or, depending on your wall construction the appropriate fastening material. When using VESA mount, follow their specific instructions.

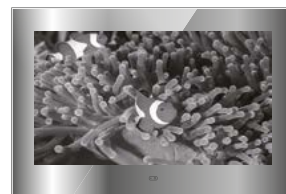

3. Ensure the TV-Unit is not connected to power. Then, connect the desired ports to the TV-Unit. When connection external devices, you may use the IR extension.

4. Using the suction cup, carefully attach the TV-Unit to the mounting frame. For recessed mount, and especially when TV is installed in the shower cabin, seal the edges with silicon.

5. Now, connect the TV to the power. Follow the instructions on the menu using your remote control. For detailed operating information, please read the manual.

6. Enjoy your new Waterproof Bathroom TV from Mues-Tec. We thank you for your trust and sincerely hope you are pleased with your purchase. MUES-TEC is always the right choice! Our team is at all times available for feedback or questions.
