INSTALLATION

With Mounting Bracket

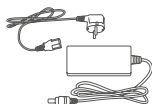

SMART MIRROR

SM-2150 / SM-2360 / SM- 4300

SCOPE OF DELIVERY:

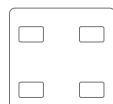

Smart Mirror

Power Supply

Skin Tester(optional)

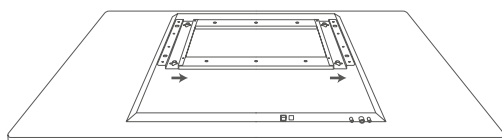

Weight Scale(optional)

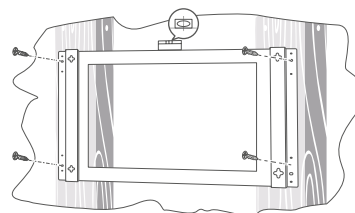

Smart Mirror is very heavy and must be installed correctly to avoid damage and injury!
A minimum of 2 people is required for installation!

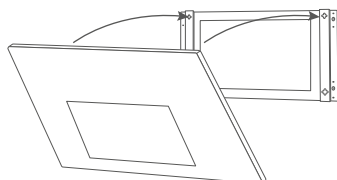

Wall needs to be prepared to hold weight of Smart Mirror!
Installation must be performed by skilled installer!
Select wall screws to fit your wall type and product weight!

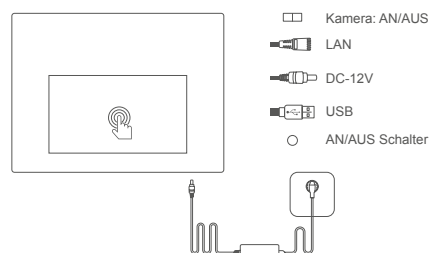

1. Attach Optional Mounting bracket to back of Smart Mirror.

2. Attach screws to wall.

3. Attach Smart Mirror to wall bracket on wall.

4. Now connect the Smart Mirror to the power. Follow the instructions on the menu with touch screen. For detailed operating information, please visit our website or Youtube Channel @ Mues-Tec GmbH & Co. KG - YouTube

5. Enjoy your new Smart Mirror from Mues-Tec. We thank you for your trust and sincerely hope you are pleased with your purchase. MUES-TEC is always the right choice! Our team is at all times available for feedback or questions.
